Rock Creek High School: We're all for you!
We will fight for the Black and White,
And the glory of Rock Creek High.
Never daunted, we cannot falter
In the battle--so tried and true.
Oh, Rock Creek High School-
We're all for you!

We, the Seniors and the Annual Staff, hope that as you leaf through the pages of this book, you will catch a glimpse of many happy moments which we have had at Rock Creek High during this 1958-59 school year. We hope, too, that in the years to come you will not forget the friends you have made, and that a quick glance through will revive those fond memories. We now take pleasure in presenting this, our 1959 yearbook, the Aceonean.

TIME MARCHES ON

On a beautiful day late in the month of August, 1947, nineteen shy, backward, little children walked into Mrs. Britt's first and second grade room for the first time. There were others there, too, but they were "big" second graders. In the years to come, many would come and go, but the ones who have been at Rock Creek through all our school life are Gary Bowman, Karen Brown, Melvin Crago, David Pursifull, Vern Pursifull, Jacqueline Reber, Herb Resler, and Diane Summers. Meanwhile, at Markle, Indiana, Janet McBride, Pamela Peeper, and Jerry West were entering Miss Benson's room to begin their school careers.

The next year, 1948, we gained another colleague, Harvey Brown, and our class now had twelve "permanent" members.

It wasn't until our fourth year, 1951, that we grew again, when Nathan Brown enrolled. We stayed there, at fourteen members, until 1953, when we got another playmate, Betty White.

In our eighth year, when we were "almost big", Glenda Vaught joined the clan.

Then 1955 rolled around, and we were now full-fledged "Greenies". Amidst the bewilderment of our new life, George Mower walked in, to help add to the confusion.

Our sophomore year was a momentous one, because Markle High School was closed, which meant that Janet, Pam, and Jerry came over to help us "cut up". Also, that was the year our last two members showed up--Roger Up-tegraft and Larry Surface--boosting the grand total to eighteen.

Thus, through the years, the class of 1959 has emerged, to work and play with one another.

THE GYPSY SAYS---

The Class of 1960 decided to take a world trip in 1969 to reunite with the Class of 1959. Naturally our cruise was taken on the "A. C. C. B. S. "

Starting on our journey, we met none other than Larry Surface. We talked to him for a few minutes, and he informed us that he had his own band for the Acenik. Larry told us that he and Nathan Brown were confirmed bachelors on the ship, and Nathan was his best Drumer Boy. Nathan remarked that he was also the minister on the ship.

To our surprise Roger Uptegraft, better known as Upte, was the professional Spoon player for the Acenik. We later learned that he was married to the former Karen "Tootles" Crosbie, and they were doing "GREAT", but were receiving some trouble from their eight year old daughter, Billy Jean.

Glenda Vaught and Betty White were living in society at the royal suite. Since Glenda's husband left her and her five boys with the Ship's Artist and Conversationalist, Betty, she had been drinking her sorrows away!

Jackie Reber, the brunette beauty, was the outstanding Model on the ship. Although Jackie wasn't married, she said that she was still looking and had turned down many good chances.

After attending the fashion show, we ran into Harvey "Gus" Brown. Chatting with him longer than we should have, we found out that he was married to the former Kate Woodward. Gus said that he and his seven little "RICK-SHAWS" were the ship's neatest loafers.

Karen Brown and Diane Summers were partners at the Scientist's Exhibition Hall. They said they would never get married since they couldn't find a chemical formula for males.

As our journey was coming to a close, we discovered that we had not seen all the "kids" of '59. Well, there was nothing to do but scratch the earth 'til we found them.

Our first stop was Russia. Khrushchev, Mikoyan, and Pam Peeper were debating on Pam's race horses! Pam was positive that she had the best horses in the world. We questioned Pam to see if she had turned communist, but she said she would always be loyal to Markle.

Speeding down to Athens in our T. Bird, we were looking for the other "fifty-niners." No, it couldn't be, but it was-----Herb Resler was the coach of a basketball team in Athens. He told us that he was working for a ball team of his own, and so far he and Pat were doing tremendous with three boys.

We had seen all the members of the class of '59 but seven. On our way home, we decided to search for the others.

After arriving in Markle and resting for awhile, we started looking. We didn't have to look too far until we saw Vern Pursifull in a tomato field. He was too busy to talk to us, but we chatted with his wife, the former Caren Runyon. She said they had a small farm and were very, very happy.

Gary Bowman had his own farm close to Rock Creek. He was still shy as ever, but maybe not too shy. He and Barbara had been married for six years and had three sets of twins!

Sputtering down the road a little ways, we saw a huge white barn. In big, bold letters, Dave Pursifull was inscribed. Dave didn't have much to say, except that he wasn't hitched, yet. His beautiful heifers were trying to keep up with Pam's horses, with lots of success.

Melvin Crago is now Manager at Johnny's. Melvin was complaining, as usual, that his business partner, George Mower, wouldn't work, always took vacations, and he had made off with the loot. We knew our soft-hearted George wouldn't do such a thing, though!

We decided to go take a swim at the Y. To our surprise, Janet McBride was there teaching the youngsters how to lead cheers. Janet was as sweet as she always was. She told us that she and John were thrilled with their two Will's.

There was one more person on our list. Jerry West was still remembered by us all, although we didn't get to see him. His mother said he was attending Purdue University and made very good grades. She informed us that Jerry was engaged to Joyce Eckelbarger. We know Joyce and Jerry will be a perfect match!

The Class of 1960 decided they would be delighted to do this again, sooner if possible.
